

Dear Parent/Guardian,

The Foresight Foundation has partnered with Good Things Foundation to launch the Community D.A.T.A programme (Digital Access To All). The programme will provide free data to people in need. This allows us to provide free SIM cards preloaded with Mobile data, as well as talk minutes and texts.

If you meet the following criteria, The Foresight Foundation can assist you with accessing the internet via a mobile data card as we recognise that many individuals may face difficulties in staying connected during this challenging time.

The criteria is as follows:

- Be 18+ Years Old
- From a low-income household

You must be able to relate to one or more of the below statements:

- I have no access or insufficient access to internet at home.
- I have no or insufficient access to Internet when away from home.
- I am unable to afford a monthly contract or top-up.
- I am facing financial barriers in maintaining my own monthly contract.

If you would like our support in getting online please fill out the Expression of Interest form by clicking [here](#) or scan the QR code below.

If you have any questions or queries, please contact a member of the Foresight Foundation team via email on info@theforesightfoundation.org or contact Taylor Hodgkinson on 0161 300 1007.

Kind Regards

The Foresight Foundation
